**NOTES:**

1. We looked for candidates who meet the qualifications in Exodus 18:21. They are people of good character and are able (competent) to serve in the office for which they seek election.
2. We sent each candidate a survey giving opportunity to share their religious values.
3. In the absence of a complete survey, we googled the candidate or secured whatever information we could.
4. We deliberated thoughtfully before giving our endorsement. We attended candidate forums, talked to some candidates by phone and consulted with other groups in the state who were vetting.
5. We believe our list will be beneficial to the citizen who is seeking to evaluate who to vote for.
6. **You may print and take this list with you in the voting booth.**
